### Notice to Individuals Required By Privacy Act of 1974 and the Paperwork Reduction Act of 1980

Sections 301, 303, and 308 of the Communications Act of 1934, as amended (licensing powers) authorized the FCC to request the information on this application. The purpose of the information is to determine your eligibility for a license. The information will be used by FCC staff to evaluate the application, to determine station location, to provide information for enforcement and rulemaking proceedings and to maintain a current inventory of licensees. No license can be granted unless all information requested is provided. Your response is required to obtain this benefit.

Public reporting burden for this collection of information is estimated to average 5 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments, including suggestions for reducing this burden to the Federal Communications Commission, Records Management Division, Washington, DC 20554, and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Paperwork Reduction Project (3060-0090), Washington, DC 20503.
